PRIVILEGES

The Henry Schein Loyalty Program

Being a Henry Schein customer has its rewards.

PRIVILEGES is an exclusive rewards program for our key customers.

We realise that you have choices every day as to where to buy dental consumables, equipment, educational courses and professional services.

Why not consolidate that spend and get something back? Being a PRIVILEGES member is a rewarding experience that recognises your purchasing loyalty to Henry Schein and provides you with options to help reduce operating costs within your practice.

We are excited to partner with Air New Zealand's Airpoints™ for Business programme.

With Henry Schein being an Airpoints™ for Business partner, your daily spend with Henry Schein will earn you Airpoints Dollars. Save money by redeeming your PRIVILEGES points for Airpoints Dollars to pay for those business travel and accommodation costs or other items for your practice. This makes those Dental Industry Conferences and Events easier to get to - for you and your team.

If you would prefer to redeem your PRIVILEGES points for an educational course voucher or account credit, these options are also available to you as always.

And that's not all...

Airpoints for Business rewards small to medium sized businesses with Airpoints Dollars every time an employee travels for work.¹ While the individual traveller continues to earn the same number of Airpoints Dollars and Status Points they always have, the business can now earn an additional 20% Airpoints Dollars into the Airpoints for Business account and it's free to join.

¹Travel must be taken on Eligible Flights. For a definition of Eligible Flights, please see the Airpoints™ for Business terms and conditions at www.airpoints.co.nz/business.

The advantages of PRIVILEGES include...

- PRIVILEGES points which can be exchanged for Airpoints Dollars, an account credit or a course voucher
- Exclusive PRIVILEGES pricing
- Freight-free for all orders over \$150*
- Special "Members only" promotions
- Exclusive invitations to Henry Schein Educational Events and Functions
- Special bonus points on selected brands and products.

The PRIVILEGES program has been tailored to suit a variety of practice sizes.
